

PROGRAMME

MINIMALLY INVASIVE TREATMENT OF ABDOMINAL WALL HERNIAS

13TH - 15TH MAY, 2019

UNIDADE
RIO DE
JANEIRO

PRESIDENT

Jacques Marescaux

President, IRCAD

University of Strasbourg, France

CHAIRMAN

Claudio LOTTENBERG

President

United Health Group Brazil

DIRECTOR

Armando Melani

Americas Medical City

Rio de Janeiro, Brazil

COURSE DIRECTOR

Marcelo Furtado

Hospital Pitangueiras, Jundiaí

São Paulo, Brazil

COURSE COORDINATOR

Márcio Cavaliere

Hospital Lourenço Jorge

Rio de Janeiro, Brazil

COURSE COORDINATOR

José Bento Santos Filho

Americas Medical City

Rio de Janeiro, Brazil

OBJECTIVES

- Discuss all practical aspects of different laparoscopic techniques used to treat simple and complex abdominal wall hernias;
- Discuss post-operative results and practical applications in medicine based on evidence found on abdominal wall hernias.
- Interaction with trained surgeons (course participants) through edited videos and live surgeries;
- Expert opinion on indications, techniques and complications of laparoscopic corrections of abdominal wall hernias;
- Develop surgical techniques and “step-by-step” procedures on different abdominal wall surgeries, during practical laboratory exercises on tissues and animals guided by experts;
- Discussion of surgical indications and their complications;

EDUCATIONAL METHODS

- Interactive and video-assisted sessions between faculty and course participants;
- Live surgery;
- Edited videos;
- Discussion with experts;
- Lectures.

FACULTY

International:

Marco Albán (CHILE)

Federico Gorganchian (ARGENTINA)

Gregorio Zubieta (MEXICO)

National:

Christiano Claus (PR)

Maurice Y. Franciss (SP)

Gustavo Soares (MG)

Heitor Santos (RJ)

José Bento (RJ)

Murilo Favaro (SP)

Rodrigo Garcia (SP)

Luciana Guimarães (RJ)

Marcelo Furtado (SP)

Marcio Cavaliere (RJ)

Maurício Azevedo (SP)

Diego Paim (MG)

Version: May 08th, 2019

This programme may be subject to modifications

Day 1 - May 13th, 2019

07.45 am Check-in + Welcome

THEORETICAL SESSION

08:00 am Which were the evidences for the inguinal hernia repair in 2019? **M. Azevedo**

LIVE SURGERIES

CHAIRMEN: R. GARCIA / L. GUIMARÃES

08:30 am TAPP **M. Furtado**

9:30 – 10:30 Open Coffee Break

TEP **C. Claus**

mini-TEP **G. Soares**

TAPP - Robotic **D. Paim**

01:00 pm Lunch at the Institute

DIDACTICAL SESSION I

CHAIRMEN: HEITOR SANTOS / MARCIO CAVALIERE

01:45 pm What type of mesh should I use on LAP inguinal repair? **R. Garcia**

02:00 pm To Fix or Not to Fix? That's the Question. **C. Claus**

02:15 pm To close or not to close? The hernial defect dilemma **M. Albán**

02:30 pm Abandon the indirect hernia sac ? The hernia sac **G. Soares**

02:45 pm Inguinal hernioplasty associated with prostatectomy **M. Favaro**

03:00 pm Things just took a turn to the worst. Now what? **F.Gorganchian**

03:15 pm Chronic pain: diagnosis and management **M. Franciss**

03:30 pm Incarcerated/Strangulated hernia; should I do for LAP? **D. Paim**

03:45 pm Robotic surgery for inguinal Hernia: Now what? **G. Zubieta**

04:00 pm DISCUSSION

04:30 pm Coffee Break

DIDACTICAL SESSION II – VIDEO SESSION

CHAIRMAN: JOSÉ BENTO / MAURÍCIO AZEVEDO

05:00 pm Femoral and obturator hernia **G. Soares**

05:10 pm Treating the hernial sac in indirect hernia **M. Cavalière**

05:20 pm Inguinoscrotal hernia **H. Santos**

05:30 pm Incarcerated/strangulated hernia **D. Paim**

05:40 pm Inguinal hernioplasty in women **F.Gorganchian**

05:50 pm	Recurrent Hernia (anterior and posterior)	M. Albán
06:00 pm	R-TAPP	G. Zubieta
06:10 pm	DISCUSSION	
06:30 pm	End of the First Day	

Day 2 - May 14th, 2019

THEORETICAL SESSION- LIVE SURGERIES

CHAIRMEN: GUSTAVO SOARES / M. FURTADO

08:00 am	Incisional Hernioplasty	C. Claus
9:30 – 11:00	Open Coffee Break	
	Incisional Hernioplasty	M. Franciss
	Incisional Hernioplasty	H. Santos
01:15 pm	Lunch	

DIDACTICAL SESSION III

CHAIRMEN: MURILO FAVARO/ MAURICE FRANCIS

02:00 pm	Incisional Hernia Prophylaxis	C. Claus
02:15 pm	What should I know about mesh for ventral hernias?	L. Guimarães
02:30 pm	Does patient pre-optimization matter?	M. Azevedo
02:45 pm	Rationale for laparoscopic ventral hernia repair	F. Gorganchian
	Discussion	
03:00 pm	Botulinum toxin and pneumoperitoneum: when and	M. Albán
03:30 pm	Component Separation Options	H. Santos
03:45 pm	Extraperitoneal MIS techniques	R. Garcia
04:00 pm	Robotic surgery on the abdominal wall	G. Zubieta
04:15 pm	Discussion	
04:30 pm	Coffee Break	

DIDACTICAL SESSION IV - VIDEO SESSION

CHAIRMEN: M. CAVALIERE / DIEGO PAIM

04:50 pm	IPOM Plus	M. Favaro
05:00 pm	Subcostal / subxiphoid / suprapubic hernias	M. Azevedo
05:20 pm	SCOLA	M. Furtado
05:30 pm	E-TEP Rives	H. Santos
05:40 pm	Robotic Ventral repairs	G. Zubieta
05:50 pm	Anterior Component Separation	F. Gorganchian

06:00 pm	Paraestomal Hernia repair	M. Albán
06:10 pm	DISCUSSION	
06:30 pm	End of the Second day	

Day 3 - May 15th, 2019

PRACTICAL SESSION – PRACTICE ON LIVE TISSUE

08:00 am	Laboratory Rules	D. Leitão
	Inguinal TAPP (x2)	All Faculty
9:30 – 11:00	Open Coffee Break	
	Lap IPOM (x2)	
12:00 pm	End of the course.	
<i>End of the last day Delivery of certificates</i>
