

PROGRAMME

ADVANCED COURSE IN COMPLICATIONS, REVISIONS AND RECOMMENDATIONS IN BARIATRIC SURGERY DECEMBER 06TH– 08TH, 2018

UNIDADE
RIO DE
JANEIRO

CHAIRMAN

Claudio Lottenberg

President

United Health Group Brazil

PRESIDENT

Jacques Marescaux

President, IRCAD

University of Strasbourg, France

DIRECTOR

Armando Melani

Scientific Director, IRCAD Latin America

Americas Medical City, Rio de Janeiro, Brazil

COURSE DIRECTOR

Michael Vix

University of Strasbourg, France

COURSE OBJECTIVES:

- To cover a broad spectrum of difficulties and complications in surgical procedures in bariatric and metabolic surgery
- To provide indications for weight loss failure treatment
- To discuss management of post-operative and metabolic complications
- To highlight technicalities of re-dos in the field of obesity and metabolic surgery through the broadcasting of pre-recorded live procedures
- To allow a real-time discussion between the experts and the participants
- To describe postoperative clinical results and practical applications of evidence-based clinical medicine

EDUCATIONAL METHODS:

- Interactive theoretical and video sessions between faculty and course participants
- Live and pre-recorded operative demonstrations

Version: 06/04/2018.

This programme may be subject to modifications or cancellations.

FIRST DAY – December 06th, 2018

07:45 – 08:00

Registration and welcoming of participants

LIVE AND PRE-RECORDED OPERATIVE DEMONSTRATIONS

08:00 – 13:00

Plenary Session

Endoluminal Live Procedures

- Redos
 - Band to bypass
 - Sleeve to bypass
 - Surgical revisions
 - Bypass reversal
 - Treatment of complications
 - Robotic Surgery
 - Internal Hernia

10:00 – 10:20

Open Coffee Break

13:00 – 14:00

Lunch at the institute

Meet the experts

14:00 – 18:00

Lectures – Video Sessions

Difficult Cases and Complications

“When Bad Things Happen to good Surgeons”

- Operative strategy
 - *Initial insufflation in a hostile abdomen*
 - *Techniques of adhesiolysis*
 - *What to do when you encounter the unexpected*
 - *When is open conversion necessary?*
- *Postoperative monitoring and detection of complications*
- *Early postoperative complications (Video Session). Hemorrhage, fistulas, stenosis and bowel obstruction*
- *Late postoperative complications (Video Session) internal hernia, candy cane, anastomotic ulcers, stenosis, bleedings*
- *Discussions of specific clinical cases*

18:00

End of Session

Second Day – December 07th, 2018

07:45 – 08:00

Evaluation of the previous day

LIVE AND PRE-RECORDED OPERATIVE DEMONSTRATIONS

08:00 – 11:00

Endoluminal Procedures

- Endoscopic revisions
- Treatment of sleeve gastrectomy complications
- Treatment of common bile duct stones after bypass

11:00 – 13:00

Plenary Session – Lectures

Why skills in flexible endoscopy are mandatory in bariatric surgery?

Endoluminal Surgery

- Endoscopic bariatric anatomy
- Endoscopic treatment of complications of bariatric surgery:
 - Leaks and chronic fistula
 - Stricture
 - Anastomotic ulcer
 - Band migration
- CBD stones after gastric bypass
- Endoscopic revision surgery for failure of conventional bariatric surgery

10:00 – 10:20

Open Coffee Break

13:00 – 14:00

Lunch at the Institute
Meet the experts

14:00 – 18:00

Lecture

Hiatal Hernia, GERD, REDOS

- Hiatal hernia and GERD in obesity surgery
- Redo surgery
 - After gastric banding
 - After sleeve gastrectomy
 - After bypass
- Bypass reversal

Clinical Cases Video Session

- Intraoperative and early postoperative complications

18:00

End of Session

Third Day – December 08th, 2018

07:45 – 08:00

Evaluation of the previous day

08:00 – 13:00

Experts Recommendations

- Pharmaceutical and psychiatric considerations
- Definition of success and failures in bariatric/metabolic surgery
- Treatment algorithms in complications
- Treatment algorithms for weight loss/ regain for band/sleeve/GBP
 - Redo strategies in bariatric surgery: endoscopic/surgical options
- Results after redo surgery/endoscopy for weight regain
- Enhanced recovery after bariatric surgery
- Why and when using a robot
- Metabolic complication
 - How to prevent
 - How to cure
- Take home messages

13:00 – 14:00

Lunch at the institute
End of the course
Delivery of certificates of attendance
